

Rec April 17
Am San Diego

Santa Barbara, Cal.

Apr. 8, 1878.

Dr. Englemann. Dear Sir

The second time
I enclose to your address spec-
imens of *Quercus* & Trust that
they will reach you and be of
some service in your valuable
department of Cal. botany.

The small-leaved scrub-oak I found
on the side of a mountain, 1000 ft.
alt., about Glen Loch, Bartlett's
Cañon, Santa Barbara. It is the

first one I've seen here -

If there is anything in the way of assistance by collecting in this region, it will give me pleasure to forward to you - There never could be a better year for flora than is given us here - The rains have been so copious, that one can almost hear the rapid coursing of life in grass herb & tree so vigorous is the growth.

I am on the alert at every opportunity offered for collecting and study in our

beautiful & exact Science &
botany

J. Parry is yet in Mex-
ico. He writes Mrs P doing
signal and earnest work
always. J. G. Lemmon - an
enthusiastic Sierra Botanist
& Collector, is to start in May
on quite an extended tour, coming
down the Coast to Monterey, crossing
over the Sierra Nevada Mts, north to
the foothills Opp. Yosemite, on to Mar-
iposa & Yosemite, visit Merced Big Tree
Grove, Tuolumne B. T. Grove, Colusa
over Silver Mt. pass to Carson Val. Lake
Tahoe, Lassen's Peak, to Sierra, Mohawk,

Musser, Indian & Big Meadow. Lakes
Donner, Independence & Heiber, Mt.
Shasta & Great Redwood forests - Col-
lecting constantly -

So anxious am I for perfect
work in the forthcoming Cal.
Bot. that I gladly will do any-
thing possible in sending spec-
imens & be free to command
Yours truly,

Miss Sara G. Plummer.

If necessary or worth while
Address Miss S. G. Plummer,
Santa Barbara, Cal.

Davenport, Iowa

June 25, 1879

By this mail I send
specimens of *P. ponderosa* var. ? with a one
gathered from trees at
Peina Valley. When I left
promised Prof. Lemmon
who was then on his way
to San Bernardino, to
send them to you as from
him. So will you acknowl-
edge the same from me to
him at his usual address.
This request is not com-
plied with from lack of
interest to also desire
to send you - yours truly
Miss Anna A. Plummer

Alameda, Cal. Jan. 15-1880.
Your P. C. of July has just
come to me having followed
me round the circle from San
Francisco east - round to South
America & at last to Alameda
Cal. I am glad the Prinos post
erosa var. Jefferyi with cone
reached you. We took great
pains to get it. A letter from
Dr. Purdy has just come to me
in which he speaks of joining
you & Rev. Gocen for a Bot. trip
to Cal. the coming season. How
I envy you the trip & hope that
I may see you all in Cal. All
wishes reach me from the above
address wherever I may be. Is
there any thing new dis. from your
Centre of observation? Do tell me
of such. Yrs Saml. A. Clemens
